

What's New...

This dual voltage 12/24V rotating flexi beacon is designed for use with road, plant, agricultural and other vehicles used on tough terrain.

Supplied with 12V and 24V bulbs, the lightweight RCB040 flexi-DIN fitting makes it incredibly easy to use.

RCB040

Take the light with you with the new 10W and 20W portable flood lights.

Supplied with in-car and mains powered chargers, the PFL provides hours of light, exactly where and when you need it.

PFL10W & PFL20W
